Tat then went and got a **yex**, a big **yex**. **Nev** saw the big **yex** and got really mad. **Nev** went and got a bigger **yex**. She then went to show **Tat** how much bigger her **yex** was than the one **Tat** had. **Tat** got very, very **pem**. She got so **pem** that she almost drove into a **leb**. She went to the **vaf** and told the **mem** that she didn't care about the cost. She wanted a **yex** so big, the **yex** would not fit in the **ket**.

The next day **Tat** called **Nev**. She told **Nev** that she just got another **yex**, not any old **yex** but the biggest **yex** ever made. **Tat** asked **Nev** if she were **mem** about that. **Nev** said no. **Nev** said that she was going to get the biggest **yex**, too. Off both went back to the **vaf**.
